Did You Benefit from the CA EV Rebate Program?

The California Governor's Office (GO) is holding an Earth Day event this Thursday (Apr 20) from 3:00-5:00 pm at the California Natural Resources Agency building in downtown Sacramento. **They just asked us if we could have people that have benefitted from CARB programs to come, and to bring their vehicles that were funded.** It is an open public event so they are really hoping to just boost attendance, but they would like specific representation from California Vehicle Rebate Program (CVRP) there as well. The expectation for attendees is to be there and willing to display their vehicles. We can't commit to the Governor making his way to them, but the Governor's Office is going to ensure that State Officials spread out so that someone in upper Executive management thanks them for their attendance.

URL for the [Event](#) and the [Flyer](#).

This is a last minute request so it is totally ok to decline. Thank you for your help!

We Need Volunteers for the ECOS EV Showcase

Join us for a kid-friendly Earth Day Open House at California Natural Resources Agency where we will welcome kids of all ages to our headquarters for exciting demonstrations and fun activities from our departments, commissions and conservancies. Fire trucks, Wild and Scenic Festival short films screening, the Water Burger, and more!

This Sunday is the Drive Electric Earth Day EV Showcase on Sunday, April 23 to Southside Park.

We need volunteers to help with the even at tables, monitoring kids illustrating on the drawing and mark up car, helping the used car test drive, providing refreshments, and more.

If you don't have an EV or EV experience, we still need your help at the EVENT.

This is a full-size [Earth Day event](#). In addition to the electric cars, visitors will find local art and a variety of fun activities **for the whole family** to enjoy, including live music, interactive educational games, and a children's area. ECOS will host several food vendors that serve plant-based (vegan) cuisine.

You can make a real difference in the Sacramento region by helping us deliver the biggest EV showcase in the region. We expect to have more than a 1,000 conversations about the EV lifestyle.

Sign up as a [volunteer](#) and help us make the event a success.

Children's Books at ECOS EV Showcase

We'll have the kids books: [The Dragon-Powered School Bus: A Courageous Fight to Clean the Air](#) and the comic book: [Teslaman Fights Dirty!](#) (English and Spanish). There will be a drawing for 10 signed copies of each and both authors will be on hand at the showcase.

[The Dragon-Powered School Bus: A Courageous Fight to Clean the Air](#) and the comic book: [Teslaman Fights Dirty!](#) (English and Spanish). There will be a drawing for 10 signed copies of each and both authors will be on hand at the showcase.

The [The Dragon-Powered School Bus: A Courageous Fight to Clean the Air](#) is a heart-warming story which will help 2nd-5th graders learn about asthma, how EVs and renewable energy can help the environment, and that caring, committed people can change the world.

In [Teslaman Fights Dirty!](#) (English and Spanish), Teslaman, along with his partners Pachamama, Windmill Giant, and Nerdy Boy, fight the villains Paul Looter, Stynky, Smog Man, and Poysun who threaten planet Earth and cause global warming.

Other Regional EVents

Wednesday, April 19, Cosumnes River College, Library Quad

Working together in teams, students compete for not only the fastest car but also the best design, most sustainable, best engineering and most creative design. SMUD would like EV'ers to show their EV and share

their experience to students, parents and faculty.

Time: 9:00 am to 2:00 pm

For details, contact Eugen Dunlap, wildwing95@gmail.com, 530-574-1099.

Thursday, April 20, Sacramento State University Campus

Save the date for Earth Day at Sac State University on April 20 from 10:00 am to 3:00 pm at the Campus Library Quad, 2000 State University Dr. Sacramento, CA. More details to follow.

Contact Thomas Hall at thomas@cleanstart.org for more information or to participate.

Saturday, April 22.

Sierra Pines United Methodist Church, 22559 W Hacienda Dr, Grass Valley CA
10:00 am to 3:00 pm

Register at [Earth Day in the Foothills 2023](#)

Sunday, April 23. EVs in Nevada City

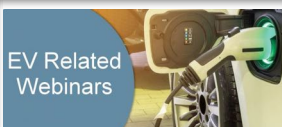

For more details, contact Peter Mackin (rpmackin2000@gmail.com) or Christine Newsom (530-913-2922, chris.newsom1@gmail.com).

Saturday, May 13. 18567 Penn Valley Dr, Penn Valley, CA

Up to seven EVs will join the classic cars at United Way's 19th annual Grills & Grilles event. Taste the best from barbecue competition while showing your EV and sharing your experience. Park is west of Grass Valley, off hwy 20. Contact Guy Hall, Guy.Hall@Sac-EV.org

Upcoming Webinars

EV Related Webinars

SacEV brings you a list of upcoming EV related presentations. In case you missed one, we've added pointers to the recordings. You can also find this list on the SacEV.org website [HERE](#).

Join the National Electric Vehicle Association

When you join other SacEV members as national Electric Vehicle Association members, you are part of the national grass-roots community advocating for EVs in the USA. The national EVA is critically important to SacEV as it handles our administrative chores (tax filings, non-profit status, banking service, insurance, legal help, etc.) and provides value, such as webinars and the two nationwide events: National Drive Electric Week and Drive Electric Earth Day.

Your SacEV leadership team relies on these services, so we encourage you to join the national organization for the small sum of \$35 annually. You will also be able to keep current with the latest developments in the rapidly changing world of electric vehicles in our regular Current Events e-blog.

What else do you get?

- **Low Interest Loans:** The EVA has partnered with a credit union to offer members low-interest loans on electric vehicles, solar, and electric bikes.
- **Battery Health Reports from Recurrent Auto:** The EVA is working with Recurrent to better understand battery degradation and range loss, particularly for used electric cars. Contribute to this initiative by signing up for free monthly battery reports to share anonymous battery data. For each new EV, Recurrent is donating \$10 to the EVA so we can expand and enhance our programming.
- **BlueDot:** EVA members are eligible for \$10 off your first charge + \$0.30/kWh charging all time on the Bluedot network. Contact membership@myeva.org and ask for the bluedot code!
- **Neocharge:** \$125 off NeoCharge Smart Splitter. Contact membership@myeva.org and ask for the NeoCharge code!
- **Networking Opportunities:** Networking with EV advocates at events is just one of the many benefits of becoming a member. Join one of our committees to use your skills to make an impact.
- **Educational Opportunities:** The EVA offers ongoing virtual meetings, resources, and more including our EV Educate Certificate Program and EV blog.
- **Benefits to SacEV:** SacEV receives a portion of your membership fee to help fund the work you do in our community.

Your membership provides value to you, our local SacEV chapter, and you become a member of this critical national movement. **Please join NOW.** You may also send a check payable to the Electric Vehicle Association, c/o Guy Hall, 8325 Walden Woods Way, Granite Bay, CA 95746.
