

SacEV News Flash

Sacramento's International Auto Show

One of the largest EVents of the year arrives soon. The [Sacramento International Auto Show](#) takes place at Cal Expo from Friday, Oct. 18 through Sunday, Oct. 20, 10:00 am - 6:00 pm daily.

Join SMUD and the Drive Electric Campaign as we host two large interactive spaces.

We need interns and EV Ambassadors to help at the event. Interns will assist with registration, manage the waiting line for the ride and drive activity, answer EV questions, conduct surveys, and perform other tasks as needed. EV Ambassadors will be part of the Electric Ave Static Display, and will share their experiences with community members at the show.

Because the event lasts for three days, we need many EV enthusiasts to participate. You may spend part of the day engaging with hundreds of people who are looking for new cars and interested in learning about EVs. Then spend the rest of the day exploring more of the auto show, including special-interest exhibits such as:

- *Vintage Camper Trailers*
- *Sacramento Autorama*
- *Autonomous Driving Technology*
- *Wild Bill's Garage featuring all sorts of wacky rides*
- *Zany customs by Twisted Images, and radio-controlled drifting exhibitions*
- *Watch a wacky race car be built*
- *See the racing art cars from the 24 Hours of LeMons (the fruit)*

Date: October 18-20, 2019 (Friday-Sunday)

Time: 10:00 am - 6:00 pm daily

Where: Cal Expo

Lunch, parking, and entry to the auto show are provided for volunteers.

Please sign up for shifts using this [LINK](#).

For questions, contact Jenny Matchall at 916-764-8724 OR jenny@chargeacrosstown.com.

Take your EV to the Drag Strip

Join other Evers and try your vehicle at the strip. This will be something to write home about. You can always watch your favorite TV on the DVR later.

Date: Wednesday, October 16

Time: 4:00pm gates open, runs at 5:00pm, but weather dependent. Rain will cancel!

Where: 5305 Excelsior Rd, Sacramento, CA

Questions: George Parrott: geo241@csus.edu

Grills and Grilled

Show your EV and join in this Family Fair and BBQ. Grills and Grilled is a Festival with music, outdoor activities and fun. Enjoy tastings from backyard BBQ competitors, yummy grilled food, and vote for your favorite, while Kansas City Barbecue Society teams compete for the big prizes. Samplings of the KCBS bbq will be available to the public.

All proceeds of this fun event go toward United Way's efforts to help assure individuals and families in Nevada County are able to meet their basic needs for Food, Emergency Shelter, and Access to Health Care.

A car show, disc golf competition, music, children's area, beer, and vendors will be on hand to make it a fun day for everyone. We've arranged for SacEV to enter and show their cars for free.

facebook.com/GrillsnGrilles/ uwnc.org/grills-%26-grilles

Date: Saturday, October 19

Time: 11:00am – 4:00pm

Where: [Western Gateway Park, Penn Valley 18560 Penn Valley Dr, Penn Valley](#)

To show your EV, contact Peter Mackin at rpmackin@surewest.net.

DEVA Meet Up and Celebration

Come for the celebration beer, stay for the EV knowledge.

All regional EVerS: Join us Wednesday at the Davis Electric Vehicle Association (DEVA) meet up. As a thank you to all of our volunteers and supporters this weeks meeting will be a small celebration of a successful NDEW and year full of events.

Special Vehicle Display: Jaguar I-Pace

Date: Wednesday, Oct 9

Time: 6:00 pm to 7:30 p.

Where: Office of Repower Yolo, 909 Fifth Street, Davis

Agenda:

- 6:00 p.m. Food is served.
- 6:05 p.m. Attendee introductions.
- 6:10 p.m. "Hot topics" (suggestions for future presentations and discussions).
- 6:20 p.m. Presentations:
 - Jeff Rios - UC Davis project to bring more EV chargers to apartments and other housing around campus
 - EV Trivia Night - with prizes
- 7:15 p.m. One-on-one discussions with the speakers and other EV owners.

Random Thoughta

[Fred Lambert in inverse.org](#)

"Before 2025, there's going to be a point where there's not going to be a single car buyer in their right mind who's going to want to buy a new gasoline car. Not a single one. ... I think the resale value of gasoline cars is going to drop massively in the next five years, and predicted value is going to drop even more drastically. Buying a gasoline car right now is a bad choice. Buying a gasoline car within the next five years is going to be just a financial suicide for most people."

[Sacramento Business Journal - CA Emissions decline and growth](#)

California's GHG emissions declined ahead of state targets while its economy grew at a pace exceeding the national average. In fact, California's GDP growth has outpaced that of the U.S. since the state launched its cap-and-trade program in 2013.
