We Had a Great SacEV Meeting

Saturday, May 13, Sacramento, CA

May's meeting was Nissan Night, with the showing of the new Nissan Ariya. Plus:

- Ash Dalal told us what we really need to know about EV maintenance.
- Eugen Dunlap provided updates on Vehicle to Home (V2H) and Vehicle to Load (V2L) programs.
- Eileen Tutt described ET Communities, a new EV outreach organization, and how they're moving EV adoption forward in the Sacramento Region.
- Guy Hall updated us about the Inflation Reduction Act and what the changes mean for us.

When you join other SacEV members as national Electric Vehicle Association members, you are part of the national grass-roots community advocating for EVs in the USA. The national EVA is critically important to SacEV as it handles our administrative chores (tax filings, non-profit status, banking service, insurance, legal help, etc.) and provides value, such as webinars and the two nationwide events: National Drive Electric Week and Drive Electric Earth Day.

Your SacEV leadership team relies on these services, so we encourage you to join the national organization for the small sum of \$35 annually. You will also be able to keep current with the latest developments in the rapidly changing world of electric vehicles in our regular Current Events e-blog.

What else do **you** get?

- **Low Interest Loans:** The EVA has partnered with a credit union to offer members low-interest loans on electric vehicles, solar, and electric bikes.
- **Battery Health Reports from Recurrent Auto:** The EVA is working with Recurrent to better understand battery degradation and range loss, particularly for used electric cars. Contribute to this initiative by signing up for free monthly battery reports to share anonymous battery data. For each new EV, Recurrent is donating \$10 to the EVA so we can expand and enhance our programming.
- **BlueDot:** EVA members are eligible for \$10 off your first charge + \$0.30/kWh charging all time on the Bluedot network. Contact membership@myeva.org and ask for the bluedot code!
- **Neocharge:** \$125 off NeoCharge Smart Splitter. Contact membership@myeva.org and ask for the NeoCharge code!
- **Networking Opportunities:** Networking with EV advocates at events is just one of the many benefits of becoming a member. Join one of our committees to use your skills to make an impact.
- **Educational Opportunities:** The EVA offers ongoing virtual meetings, resources, and more including our EV Educate Certificate Program and EV blog.
- **Benefits to SacEV:** SacEV receives a portion of your membership fee to help fund the work you do in our community.

Your membership provides value to you, our local SacEV chapter, and you become a member of this critical national movement. **Please join NOW.** You may also send a check payable to the Electric Vehicle Association, c/o Guy Hall, 8325 Walden Woods Way, Granite Bay, CA 95746.
