International EV Strategies & Programs  
Tuesday, November 17, 9:00am

Multiple countries have passed the one million sales milestone with EVs. What lessons can the US learn from international transportation electrification efforts? The electric transportation industry is growing worldwide and many countries are incorporating new policies and setting ambitious electrification goals.

In this webinar, Forth will be joined by international counterparts accelerating the adoption of EVs in their counties. Our speakers will highlight projects, strategies, and organizations doing work to advance transportation electrification. They will provide key lessons from projects, policies, the impact of COVID-19, and how all are adjusting. [Register](#)

Electric Vehicles Beyond the Road: A Demonstration & Discussion  
Tuesday, November 17, 1:00pm - 2:30pm

EVs have a significantly wider array of use cases beyond passenger cars. This 90-minute session will highlight EVs that are not typically seen on the road, including forklifts and neighborhood electric vehicles. A discussion with both users and manufacturers of this equipment will highlight real-world applications.

Federal Tax Credits for EVSE (charging equipment) also ends this year.

## Join the National Electric Auto Association

Join other SacEV members as national Electric Auto Association members, you are joining the national grass-roots community advocating for EVs in the USA. The national EAA is critically important to SacEV as it handles our administrative chores (tax filings, non-profit status, banking service, insurance, legal help, etc.) and provides value, such as webinars and the two nationwide events: National Drive Electric Week and Drive Electric Earth Day.

Your SacEV leadership team relies on these services, so we encourage you to join the national organization for the small sum of \$35 annually. You will also be able to keep current with the latest developments in the rapidly changing world of electric vehicles in our regular Current Events e-blog. This blog is full-color, available 24/7 on-line from your desktop, laptop, smartphone, or however you access the internet.

Your membership provides value to you, our local SacEV chapter, and you become a member of this critical national movement. **Please join [NOW](#).**
