

## SacEV News Flash

### National Drive Electric Week

#### Events

#### Wednesday - Thursday

**NDEW continues!** Following are some of this NDEW Events for Wednesday and Thursday. The full catalog with a wide variety of events can be found [here](#). All times are Pacific Daylight.

#### Wednesday

##### [EV Carshare for Apartments and Condos, 9:00 am](#)

Accelerating the adoption of electric vehicles includes getting as many people in EVs as possible, and one way to do that is to make an EV available at apartments, condos, and commercial buildings. See firsthand how one Central Ohio apartment community is leading the way by offering its tenants on-site EV carshare. We'll show you how tenants access the car, use it, and answer questions live.

**Panelists:** Michael Peters, Sway Mobility

**Host:** Sway Mobility & Casto Communities

##### [Putting Electric Trucks to Work, 10:00 am](#)

Zachary Shahan, Director, CleanTechnica will moderate this session with Lea Malloy, Cox Automotive Inc, Terry O'Day, In-Charge Energy and Chelsea Sexton, EV Advocate. There is significant competition for market share from newcomers like Rivian, Lordstown, Nio, and Nikola to dominant players like Ford. This segment is electrifying rapidly and the next 2-4 years are poised to significantly transform the market.

##### [The 100-year-old EV that started it all 1912 Model 31 Detroit Electric, 11:00 am](#)

Haakon MacCallum will describe many of the skills, techniques, and materials used 100 years ago when this EV was made - and were needed once again to bring this Detroit Electric back to original condition.

**Panelists:** Haakon MacCallum, Vancouver Electric Vehicle Association.

##### [Tour the Nissan Leaf, 11:00 am](#)

Mark Lyon of ClipperCreek shows off his Nissan Leaf. View a video of a virtual tour and then ask him questions in this live Facebook event. RSVP using the button at the top of this page and you'll receive a link to join.

##### [EVs and Charging at the Workplace, 1:00 pm](#)

More and more businesses are offering EV charging infrastructure to their employees and customers, and they're reaping the rewards. Find out why this makes good business sense and how your company or your employer can make EVs more accessible.

##### [Davis Drive Electric Week goes "Driving on Sunshine", 5:00 pm - 7:00 pm](#)

Are you "electric vehicle curious"? Would you like to learn how you can power your car with solar energy? Now is your chance to find out more from your neighbors! Chat with Davis residents on how they drive on sunshine!

##### [An Evening of Electric Classic Cars, 4:00 pm](#)

What's cooler than a classic car? How about a classic car that's electrified. Join Generation180 and Classics for Climate for an evening of sexy classic car conversions with a tour of EV West's garage, and chat with the leaders in EV conversions.

**Panelists:** Michael Bream, EV West

**Host:** Generation180, Classics for Climate

##### [The Secret to Charging your EV, 4:00 pm](#)

Discover the many ways to charge an electric vehicle and the secret to how different chargers work. If you are interested in buying a new car or you have an EV this is the perfect time to learn how to keep your car charged. Marketing Brand Manager Shelby Pascoe will conduct a fun and educational interview with EVgo's very own EV expert Jeremy Whaling. You can submit questions you'd like Shelby to ask Jeremy. See our event page for more info.

**Panelists:** Jeremy Whaling, EV Systems Engineer, EVgo

**Host:** Shelby Pascoe, Brand Manager, EVgo

### **EV Incentives for the Central California Valley, 5:30 pm**

Join this live presentation to learn more about EVs. Their advantages for the environment are much talked about, and sales are growing but you may still have questions on whether an EV is for you, or even if you can afford one. Join for a virtual presentation to learn about EV basics, available incentives and more!

**Panelists:** LaTisha Harris Equity Specialist

**Host:** Center For Sustainable Energy

### **Andy Frank, "Father of the Plug-in Hybrid", 6:00 pm**

Dr. Andrew Frank has long been known to many as the "father of the plug-in hybrid", based on his fifty years of development of these vehicles both as a professor at U.C. Davis and as a principal owner of Efficient Drivetrains, Inc. This discussion will cover highlights of Dr. Frank's pioneering work, the technological advances that have unlocked progress along the way, and where the indefatigable Andy continues to push us all to go next.

**Panelists:** Dr. Andrew Frank, Delbert Boone, Chelsea Sexton

## **Thursday**

### **The Policies Driving EV Adoption Forward, 9:00 am**

Pro-EV policy can help accelerate the transition to EVs in ways that are both effective and equitable. Whether at the federal, state, or local level, thoughtfully crafted policies are key. Join us and our panel of experts on Thursday, October 1st to hear the EV policy do's and don'ts.

**Panelists:** Katherine Steinken, Plug in America; Carine Dumit, EVgo; Brendan Kelley, Clean Fuels Ohio

**Host:** Generation180

### **These 5 regular EV maintenance tips will keep your EV in top shape, 11:00 am**

Five regular EV maintenance tips will keep your EV in top shape plus inspections that EV owners should be aware of that need to be done.

**Panelists:** Aashish (Ash) Dalal

**Host:** Sacramento Clean Cities

### **The Killer EVs of 2021, 1:00 pm**

Alex Guberman, national "E for Electric" YouTuber presents the vehicles anticipated in 2021 and how they will change the electric vehicle market.

**Host:** Alex Guberman

### **Electric Company CEOs Preparing Energy Grid & Customers for EV Growth, 12:00 pm**

Leaders from Edison International and CMS Energy discuss how EVs interact with the energy grid and how electric companies are helping to accelerate EV adoption for all customers, from individual drivers to fleet operators.

**Panelists:** Pedro Pizarro, President and CEO, Edison International and Patti Poppe, President and CEO, CMS Energy

**Host:** Kellen Scheffer, Director, Electric Transportation, Edison Electric Institute

### **Choosing charging that works for you, 2:00 pm**

Charging station basics, What to look for in a charging station, charging station safety. What are the primary considerations when locating a charging installation.

**Panelists:** Will Barrett and Amanda Lance

**Host:** ClipperCreek

### **EV Performance For All, 2:00 pm**

Ben Schaffer of Unplugged Performance will talk with Elaine Borseth, VP of Electric Auto, about everything from everyday driving to the racetrack. Hear about UP's amazing and wild ride at this year's Pikes Peak International Hill Climb Race. We'll do a virtual test drive of the Porsche Taycan and much more.

**Panelists:** Ben Schaffer of Unplugged Performance

### **Where We Came From - EVs from 1900 to the Present, 3:00 pm to 4:30 pm**

The history of the car began with EVs holding a leading role before ICE technology became dominant. Haakon will share a little about this past, and then talk about the journey a 108 year old EV took to finally end up where she is today.

**Panelists:** Haakon MacCallum, Vancouver Electric Vehicle Association

### **Go Green and Get Green Sacramento!, 6:30 pm**

Join this live presentation to hear how you can qualify to receive money before and after you buy or lease an electric car! We will talk about all the programs available to you and how they can be stacked together to maximize your savings all while helping the air you breathe.

**Panelists:** Marisol Sifuentes, Equity Specialist

**Host:** Center For Sustainable Energy

## More than 100 Online EV Events

Sat, September 26 – Sun, October 4

This year's National Drive Electric Week includes more than 100 free online events from across the country, including:

- How to Keep Your EV in Top Shape
- An Evening of Electric Classic Cars
- EV Trivia Happy Hour
- American Lung Association - EVs and "The Road to Clean Air"
- EV Speed Dating
- Putting Electric Trucks to Work
- The Killer EVs of 2021
- and many more!

### [Online Event Listings](#)

## Local SacEV Event Cancelled

Sadly, we had to cancel the September 27 NDEW event in Elk Grove. Both Bike shops had to opt out due to staff problems on that day, so the theme for the event was unfulfilled and alternates could not be located. For further information, contact George at [parrott@csus.edu](mailto:parrott@csus.edu)

## Join the National Electric Auto Association

Join other SacEV members as national Electric Auto Association members, you are joining the national grass-roots community advocating for EVs in the USA. The national EAA is critically important to SacEV as it handles our administrative chores (tax filings, non-profit status, banking service, insurance, legal help, etc.) and provides value, such as webinars and the two nationwide events: National Drive Electric Week and Drive Electric Earth Day.

Your SacEV leadership team relies on these services, so we encourage you to join the national organization for the small sum of \$35 annually. You will also be able to keep current with the latest developments in the rapidly changing world of electric vehicles in our regular Current Events e-blog. This blog is full-color, available 24/7 on-line from your desktop, laptop, smartphone, or however you access the internet.

Your membership provides value to you, our local SacEV chapter, and you become a member of this critical national movement. **Please join [NOW](#).**

## More SacEV Events Are Coming Up

Check the [SacEV calendar](#) for the latest EV-related activities.

If you've missed a Newsletter and for more information about the Sacramento Electric Auto Association visit our [website](#).
