

## SacEV News Flash

### Upcoming EVents

#### SacEV Association Meeting

Have warm clothes for the Paradise Camp Fire in Paradise, but didn't know how to get them there? Bring them to Wednesday's SacEV meeting and we will deliver them to the appropriate organizations in Chico / Paradise.

Beyond the really cool special treats described below, we will have an additional speaker for who will talk about second life for EV batteries.

#### First

- You be able to **tour the auto museum** beforehand. This should be one of our best meeting experiences in years with plenty of room for everyone to park, see, hear and appreciate the presentations.
- SacEV will feature a great speaker, **Chris Paine, of Who Killed the Electric Car.**

#### Just when you thought it couldn't get better:

- SMUD will be providing some DVDs of the movie "Who Killed the Electric Car" for a drawing at the meeting.
- Jennifer Venema, City of Sacramento will provide us with some major Sacramento EV Program updates.

#### Finally:

- Sacramento Jaguar is planning to bring the first all-electric performance SUV from Jaguar, **the i-PACE.**

Have an EV question, here's a gathering of the experts!

#### AGENDA:

- 5:00 EV Displays. Bring your EV and share!  
Tour the California Auto Museum and see the history of automobiles!
- 5:30 Pizza and Sodas served.
- 6:15 Presentation Topics

**Date:** Wednesday, November 14, 2018

**Time:** 6:00 pm to 7:30 pm

**Where:** California Auto Museum, 2200 Front Street, Sacramento, CA

#### Davis EV Pop up at The Market Needs Volunteers

Each 3rd Saturday of the month, SacEV and Cool Davis get together and highlight an EV at the Saturday Farmers Market. The display is part of an effort by the Davis EV Association (DEVA) to inform the public about EV benefits, and the volunteers will help by passing out literature and answering questions from passersby....*continued...*

We're looking for EV owners with recent EV models to display, and a supporting cast to help answer questions. Anyone with general knowledge about EV driving and charging EVs will be able to handle most questions from the public.

**Saturday, November 17th is almost here and we need your help.** If you would like to volunteer for that Saturday, or one of the others EVs at the Market Saturday, please send a message to [Robert.Poeschel@gmail.com](mailto:Robert.Poeschel@gmail.com).

The EV display lasts from 9 a.m. to 1 p.m. in Davis's Central Park, on brick paving just east of the restroom building and just south of the kiddie playground.

**Dates:** 3rd Saturdays

**Time:** 9:00 a.m. to 1:00 p.m.

**Where:** Davis Farmers Market

### Charger Ribbon Cutting at Muir Commons - This Wednesday

Please join us from 4:00 - 5:30 pm in the parking lot of Muir Commons on Wednesday November 14, in the southwest portion of the parking lot next to the workshop, where we will celebrate and "cut the ribbon" on a charger for each of our community's 26 households.

The installation provides Level-2 charging to Muir Commons residents through an electronic management system that tracks usage, generates monthly billing and controls access. The chargers are owned and maintained by Pacific Gas & Electric, and will deliver power from the Valley Clean Energy Alliance.

This installation would not have been possible without your collective support and our community would like to thank you and show you our appreciation. We plan to have light refreshments available as well as a brief program from 5:15-5:45, including a ribbon cutting ceremony.

**Location:** 2229 Shasta Drive, Davis CA, 95616.
