SacEV Members Meeting, Nov. 10

A special SacEV members meeting is coming on Wednesday evening. Some of the features are:

- All six middle school student winners of SMUD's EV video contest (see article below) will join us to share their 2-minute videos.
- Beta testers of Tesla's new self-driving software will describe their experiences.
- PG&E will follow up with what's new in the world of EVs and the grid.

PG&E will sponsor the meeting's food and drink.

Date: Wednesday, Nov. 10, 2021

Time: 6:00pm to 7:30pm

Where: California Auto Museum, 2200 Front St., Sacramento, CA

To provide a safe space for all, volunteers and attendees must wear masks and practice safe physical distancing. Masks will be available.

Unfortunately we will not be able to live stream the meeting tonight. We're looking for volunteers to help arrange for live streaming for future meetings.

Bring New EV models to SacEV meeting

We've heard reports of a Lucid Air in the region. Are Rivians starting to appear? Have you seen the Audi Q4 Sportback e-tron? Has the Hyundai IONIQ 5 appeared in Sacramento?

If you know someone with a new EV model, have them bring it to the SacEV meeting. Send a message about those candidates to news@SacEV.org.

SMUD Charge Up Change Winners

Charge Up Change! is a middle school video competition that encourages young people to research and learn about electric transportation. Winners have been announced for this year's challenge to create a short video (<2 minutes) showing why electric vehicles are cool. View the videos [HERE](#).

The five winners, all middle school students in SMUD's service area, will attend the SacEV meeting on November 10 to show their videos.

How can we Improve our Newsletter?

We'd like your thoughts on what would make this newsletter even better. If you have any ideas on exciting, interesting, stimulating, or informative ways for SacEV to encourage EV ownership, please take our short poll [here](#).

Join the National Electric Auto Association

When you join other SacEV members as national Electric Auto Association members, you are part of the national grass-roots community advocating for EVs in the USA. The national EAA is critically important to SacEV as it handles our administrative chores (tax filings, non-profit status, banking service, insurance, legal help, etc.) and provides value, such as webinars and the two nationwide events: National Drive Electric Week and Drive Electric Earth Day.

Your SacEV leadership team relies on these services, so we encourage you to join the national organization for the small sum of \$35 annually. You will also be able to keep current with the latest developments in the rapidly changing world of electric vehicles in our regular Current Events e-blog. This blog is full-color, available 24/7 on-line from your desktop, laptop, smartphone, or however you access the internet.

Your membership provides value to you, our local SacEV chapter, and you become a member of this critical national movement. **Please join NOW.** You may also send a check payable to the Electric Auto Association, c/o Guy Hall, 8325 Walden Woods Way, Granite Bay, CA 95746.

More SacEV Events Are Coming Up

Check the [SacEV calendar](#) for the latest EV-related activities.
