

URGENT: National Drive Electric Week One Day to NDEW + Reno Addition

Upcoming Events

EV Volunteers Needed For National Drive Electric Week

The Sacramento region is participating in the National Drive Electric Week (NDEW) Event. We need volunteers to show their EVs and share their experiences with driving an electric vehicle.

Sign up [here](#) to volunteer at one or more of the four regional NDEW Events in Davis, Folsom, Grass Valley, and Reno.

You can also contact the people listed below.

• **Folsom - Saturday, September 8**, [NDEW Folsom Registration](#), George Parrott, 916-752-7359, gparrott@csus.edu

We need a decent sized group of volunteers in Folsom on this coming Saturday for the SMUD Annual Folsom Powerhouse Event and NDEW. We already have static display volunteer cars for the Tesla Model S and 3, Mitsubishi Outlander, Ford Fusion, Honda Clarity, but need the following: Tesla Model X, Chrysler Pacifica, Nissan Leaf (new), Kia Soul / Optima, Hyundai Ionic, BMW i3, Kia Soul, VW eGolf.

This year SMUD is also support a "Ride and Drive" by Charge Across Town at this Folsom Celebration, so, we need more static display cars across the street from the "normal venue" along with a few volunteers to carry on conversations about EV-benefits in that SECOND venue.

- **Davis - Saturday, September 15**, [NDEW Davis Registration](#), Great event at the region's largest farmers market. ebikes will also be on hand for test drives, too **Need more volunteers - register here as an important volunteer** or call Robert Poeschel, 916-276-4568, robert.poeschel@gmail.com. [Press Release](#).
- **Grass Valley - Saturday and Sunday, September 8-9**, David Langness, [NDEW Grass Valley Registration](#).
- **Reno - Sunday, September 8-9**, [NDEW Reno Registration](#), Spend the weekend in Reno and stop by or join at the [Reno NDEW Event](#)

SacEV Meeting Location Change

SacEV Meeting - Wednesday Sept 12th

Mark your calendars for the next SacEV members meeting, which is open to all who are interested in electric vehicles. If you have an EV question, here's a gathering of the experts!

First-time meeting attendees get a special EV gift that isn't available anywhere else.

Just before the meeting, owners of recent EVs will show their vehicles. Show your EV and share your experiences with other SacEV members.

AGENDA:

5:30 – 6:00 pm. Pre-meeting car show and social.

- Pizza and Soda
- New Vehicles on Display Include: Tesla Model 3 AWD and Performance Model 3
- Battery check device for LEAFs

6:00 – 7:30 pm. Membership meeting, with presentation topics

- Lisa Chilidakis, ARB, recent Programs/Actions
- Marcos Lemes...Sacramento City Programs
- Louis Stewart, New Vehicle Technology Innovation in Sacramento
- Dimitrios Dovas, Highland Power, New Technology in Electric Motors

7:30 pm. Mixer, and one-on-one discussions with the speakers and other EV owners.

Location: [4000 Truxel Rd #3, Sacramento, CA 95834](#) (new location)

Driving instructions: Going north on Truxel from I-80 exit, go past the big intersection with the lights that offers access to the Walmart/Home Depot/Movie area on the left and CONTINUE about another 400 meters to the right hand turn into the McDonald's/gas station area. On that "access road" continue past the immediate turn in to the McDonald's on the left about another 50 meters and you will see an office/business building and parking lot on the LEFT.

You should see the big logo **APAPA** on the middle of that building. We will be meeting in their conference room on the right through the main entrance.

More SacEV Events Are Coming Up

Check the [SacEV calendar](#) for the latest on EV-related activities.

URGENT: MUIR WOOD EVENT CANCELLED

Due to unforeseen issues, the Muir Wood EVSE installation grand opening celebration in Davis, CA has been cancelled. Updates will be sent out when further information becomes available.

The More You Know

Latest Current EVents Magazine is Out

When you join the national Electric Auto Association (EAA), you help drive EV adoption and support EV owners. If that isn't enough, how about also getting the monthly "Current EVents" e-magazine! Your \$35 annual membership fee for the national EAA lets you access the magazine to enjoy EV news and information. You can also keep current on the latest global and national developments in the rapidly changing world of EVs.

Your membership in the national EAA organization also provides critical funds for regional chapters like SacEV.

Report on ZEV Readiness in the Sacramento Region

Frontier Energy prepared a report on readiness of zero-emission vehicles (ZEVs) in the Sacramento region. You can read the report [here](#).

NPR Fresh Air: The Consequences of Climate Change

This year (2018) is shaping up to be the fourth hottest year on record. In an interview on NPR's *Fresh Air*, Somini Sengupta, international climate reporter for *The New York Times*, discusses the consequences of rising temperatures, such as drought, famine, disease, war, and increased migration. You can listen to the interview [here](#).
