SMUD / Charge Across Town Ride & Drive Events in the Sacramento Region

<https://lnkd.in/gZ57cAbP>

We are excited to announce our 2023 schedule of events! This year, we will welcome two large EV Ride and Drive events to Sacramento; the SMUD Ride and Drive Series, along with the EVS36 Ride and Drive this June.

SacEV & SMUD have been tremendous partners in the success of our program over the last several years. Please join us in any of the following capacities. It would be a wonderful addition to all the events listed below.

- Static display vehicles
- SacEV Information Booth
- SacEV member ride alongs

Please see the event details below and let me know if you have any questions. Thank you in advance for your support.

Upcoming Webinars

SacEV brings you a list of upcoming EV related presentations. In case you missed one, we've added pointers to the recordings. You can also find this list on the SacEV.org website [HERE](#).

Join the National Electric Vehicle Association

When you join other SacEV members as national Electric Vehicle Association members, you are part of the national grass-roots community advocating for EVs in the USA. The national EVA is critically important to SacEV as it handles our administrative chores (tax filings, non-profit status, banking service, insurance, legal help, etc.) and provides value, such as webinars and the two nationwide events: National Drive Electric Week and Drive Electric Earth Day.

Your SacEV leadership team relies on these services, so we encourage you to join the national organization for the small sum of \$35 annually. You will also be able to keep current with the latest developments in the rapidly changing world of electric vehicles in our regular Current Events e-blog.

What else do **you** get?

- **Low Interest Loans:** The EVA has partnered with a credit union to offer members low-interest loans on electric vehicles, solar, and electric bikes.
- **Battery Health Reports from Recurrent Auto:** The EVA is working with Recurrent to better understand battery degradation and range loss, particularly for used electric cars. Contribute to this initiative by signing up for free monthly battery reports to share anonymous battery data. For each new EV, Recurrent is donating \$10 to the EVA so we can expand and enhance our programming.
- **BlueDot:** EVA members are eligible for \$10 off your first charge + \$0.30/kWh charging all time on the Bluedot network. Contact membership@myeva.org and ask for the bluedot code!
- **Neocharge:** \$125 off NeoCharge Smart Splitter. Contact membership@myeva.org and ask for the NeoCharge code!

- **Networking Opportunities:** Networking with EV advocates at events is just one of the many benefits of becoming a member. Join one of our committees to use your skills to make an impact.
- **Educational Opportunities:** The EVA offers ongoing virtual meetings, resources, and more including our EV Educate Certificate Program and EV blog.
- **Benefits to SacEV:** SacEV receives a portion of your membership fee to help fund the work you do in our community.

Your membership provides value to you, our local SacEV chapter, and you become a member of this critical national movement. **Please join [NOW](#)**. You may also send a check payable to the Electric Vehicle Association, c/o Guy Hall, 8325 Walden Woods Way, Granite Bay, CA 95746.
